

Advanced Facial Neuromuscular Retraining Zoom Webinar
Part I - Synkinesis
Sunday, November 21, 2021
by Jackie Diels and Susan Rankin

Introduction by Catriona Neville, PT, Chair of FTSl

Jackie Diels and Susan Rankin are pleased to announce an advanced webinar for therapists who have completed at least one formal facial retraining course or who have significant clinical experience. It is not suitable for someone with no facial retraining experience.

This webinar was originally presented in March, 2021 as follow-up training for students who had completed our foundation and practical workshops. It received such an overwhelmingly positive response that we are offering it again. As our global facial community is growing, we are pleased to open it up to members of FTSl and other facial therapists who are registered OTs, PTs and SLPS. The webinar language will be English.
